SUMMARY

- 1+ year of working with small, cross-functional teams and delivered projects on time and within scope.
- Proficient in Agile / Scrum ceremonies, risk logs, and status-report writing.
- Strong communicator who translates technical details into clear, actionable milestones for non-technical stakeholders.

TECHNICAL & PRIMARY SKILLS

- Requirements Gathering • MS Office (basic) • Risk & Issue Tracking
- Stakeholder Communication • Change Requests • Flutter • Python • MySQL • Firebase • GetX

Experience

WeConnect (Flutter Intern Apr 2024)

- Coordinated 4 mobile-app releases; built project schedules, set sprint goals, and achieved 100 % on-time delivery.
- Prepared status reports and risk registers for senior management, improving decision-making speed.
- Assisted with full SDLC: requirement elicitation → UI/UX mock-ups → UAT sign-off.

RELEVANT PROJECTS

1. **Task Manager (Python Desktop)**: Plane and schedule tasks; multithreaded PYQT GUI.
2. **POS System Software (Python, MySQL)** : Built backlog & database; cut feature creep 15 %; handles.
3. **School System Software (Python, MySQL)**: Streamline the process of admissions, attendance, monthly fee management and much more.
4. **Teacher-Student App (Flutter, Firebase)**: Capstone; managed scheduling & progress tracking; mitigated sync-latency risk.
5. **Medical History Tracking App (Flutter, Firebase)**: Personal project that store medical history of family.

EDUCATION

Bachelor of Science in Computer Science (BSCS) — COMSATS University, Islamabad
Expected Graduation: 2026

CERTIFICATIONS & TRAINING

- Flutter App Development (2024)
